161 Families Now Located In Lincoln

Colored citizens of Evansville are cooperating wonderfully with the program of Lincoln Gardens Project. There are 161 families now living in the Gardens and families are moving in at the rate of two to five per week.

In comparison with rates of rent in the old "slum era" the Gardens home saves an average family from five to eight dollars per month. A home in the garden includes gas for cooking and heating hot water, lights, and refrigeration. Bath and flush toilet makes each apartment modern, with the exception of a central heating system.

These comfortable home conditions remove all elements of lower standards of living. They surround the home life with facilities of cooperative enterprises of home and social life, recreation and proper use of leisure time. This in itself raises the standard of living, lowering the cost of police protection and fire hazards, lessens criminal instincts, and removes unsightly sections from the public eye. This value to better citizenship cannot be measured in dollars and cents; only the future will give the project its true value.

Shouting of war is now considered passe. What a change! Even Hitler and Mussolini have taken a tumble.

Ambulance Gift To Spain on Way

CHICAGO —(A N P)— At a dinner at Poro college last Thursday, Thyra J. Edwards tendered to the Negro Ambulance fund a report of the recent tour of the Negro People's ambulance on behalf of Republican Spain. The ambulance, started by a gift of \$250 from Paul Robeson, was accompanied by Thyra Edwards and Salaria Kee on its tour of 21 cities.

The tour terminated at New York. The ambulance will sail on the American relief ship, Eric Reed, Oct. 30. Dean Wm. Pickens of the NAACP has sent out a call, urging the Negro people to contribute \$500 toward the remaining 2,000 tons of cargo needed to fill the relief ship.

SCANNING THE FLICKERS

AT THE ROYAL THEATRE

Tex Ritter, the singing cowboy with the two fisted punch packed in each hand is giving his best performance of the year in this wildwest feature which comes to the Royal for a one day stand Saturday. He appears in the picture titled, "Frontier Town". Tex runs into quite a bit of trouble caused by the many outlaws of the countryside, but after a series of battles he emerges victorious. The final chapter of Tim Tyler's Luck will be shown on this same bill. Ted the Kitty is also on the bill. This is a comedy that is sure to please.

Beautiful Gloria Stuart and handsome Michael Whalen appear in the much discussed "Island in the Sky" picture which plays the Royal Sunday and Monday. This picture centers around a fast action scene as laid out in a nite club and has a strong theme built around underworld activities. See how Michael acts in the role of a detective. A comedy, "Cutie Crime" and a news feature complete the bill.

Here's that man of mystery again, Mr. Moto, featuring the famous Peter Lorre. In this same picture will be found Rochelle Hudson. A variety of shorts will also be shown on the bill.

Hudson. A variety of shorts will also be shown on the bill.

Charley McCarthy and Edgar Bergen, the famous radio team which has been drawing a round of applause from the audience whenever they have appeared over the radio or in the movies comes to the Royal in one of the season's best musical comedies, "Goldwyn Follies." This pair is ably assisted by Adolphe Menjou, the Ritz Brothers and Kenny Baker. You can't afford to miss this beautiful spectacle. Several new songs will be introduced and chirped by the handsome Kenny Baker. "Flash Gordon's Trip to Mars" is a new serial which starts on this same day, Wednesday. You can't afford to miss this great serial as it is one of the best to ever be filmed. Featured in this film are Larry Crabbe and Jean Rogers.

Bob Custer the hard two gun fighting gang rustler appears at the Royal for one day only next Friday in "Ambush Valley". Don't miss this thriller. Another feature of this program is the picture titled, "Filming Nature's Wonders." The final chapter of Dick Tracy's serial will also be shown.

Texas College Steers Trample Xavier Goldrush

TYLER, Tex.—After the Steer victory over the Kentucky State Thoroughbreds, every team in the Southwest Conference has been preparing to stop the Steer and cop the Colored National Football crown. The Xavier Goldrush furnishing the opposition for the Steers in their first game since crushing Kentucky were easily won by the score of 21-6. The Xavier Team outwitted the Steers and showed plenty of fight, but their best was too light for the National Champions' bound Thundering Herd. The Steers made 12 first downs to Xavier's five.

At the beginning of the second period the Steers took the situation well in hand. It was in this period that all of the Steer touchdowns were made. The first touchdown came as a result of a 70 yard drive from the Steer's own 30 yard line. After 58 yards in 3 downs on plays from double wingback formation, Anderson handed the ball off to Howard who raced 12 yards for the Steer's first touchdown. Second period the ball was worked down to the Xavier 16-yard line where McClain ran off his own right tackle for the second Steer touchdown. In the closing seconds of the first half, after the ball had been placed deep down in Xavier territory by line plunges by Howard and passes by Anderson, Anderson took the ball on the Xavier 20 yard stripe, started off his own left guard where he lateraled to Turner for the third and final Steer touchdown. Miles Anderson kicked all three extra points.

U.S. Negro Gets Mark in Weight Lifting

VIENNA.—A new world weight lifting record was claimed last week by John Terry, American Negro, in an international competition here. He dethroned a German competing in the feather-weight class. Terry lifted 97 1/2 kilograms (214.95 pounds) with a two-hand snatch. Teams representing 12 nations and including 46 of the world's best performers in weight lifting are competing in the meet.

Grantland Rice Calls Sidat-Singh Superior

SYRACUSE, N. Y. —(ANP)—Wilmet Sidat-Singh, the Harlemite with the Hindu name who passed Syracuse to an upset 19 to 17 victory over Cornell a week ago Saturday, is being described by Grantland Rice, noted sports writer, as "greater than Sid Luckman or Sammy Baugh at their best."

LeMoyné Crushes Fisk, 37 to 0, in Mad Title Drive

MEMPHIS, Tenn., Oct. 22.—The LeMoyné college Mad Magicians combined their famous razzle-dazzle with powerful line thrusts and romped over the Fisk Bulldogs, in Washington Stadium, by a score of 37-0. Today's win was the Magicians' fourth in as many starts this season and their ninth consecutive Southern Conference victory.

Captain Elmer Henderson, right tackle, placed his 196 pounds of man in front of the line smashing efforts of the Fisk Bulldogs and while he and the other linemen were holding the Bulldogs to a solitary first down, Thomas Henry strutted his stuff in his characteristic way to lead the Magicians to victory. Wee Willie Smith, sensational halfback, tied Henry in the point-making with two tallies and Bredon and Turner, quarterback and sub-end respectively, contributed one touchdown each. The opening quarter was hardly five minutes old when the Mad Magicians continued their old razzle-dazzle to put the ball on the Bulldogs' 20 yard stripe. With the oval on the 20-yard stripe, Smith started on an off tackle run and as he was hit after picking up 5 yards, the shifty halfback lateraled to Bredon who ran the remaining distance to start the scoring. From this point on it was a question of how many.

Phila. Ashmen Win Eight-Day Strike

PHILADELPHIA, (CNA)—More than 2,000 Negro and white ash collectors, victorious in their eight-day strike, started this week to clean up the accumulation of rubbish littering Philadelphia streets.

Mayor S. Davis Wilson met with officials of the Municipal Employees Union and agreed to the demands by the Public Works Department employees.

The workers thereby forced reemployment of 264 fellow employees, who they charged were dismissed for political reasons, and guaranteed themselves full wages, points which precipitated the strike. The settlement was reached after the City Council appropriated \$54,613 to pay wages of the dismissed men that are to be reinstated.

Oust Negroes Due To Wage-Hour Law

RICHMOND, Va.—(ANP)—In a wire this week to Elmer F. Andrews, wage hour administrator at Washington, Francis Grandison, business agent for the Tobacco Stemmers and Laborers union, bitterly protested the action of several Richmond employers who have laid off hundreds of Negro stemmers and other piece workers of average working capacity and increased task load 50 percent to meet wage hour minimum to avoid increase pound rate as was the intent of the law.

Plans for Louis' Frisco Bout Outlined

CHICAGO —(ANP)—Details of his proposition for promotion of a heavyweight championship bout in conjunction with next year's San Francisco World Fair were outlined Thursday by Mike Jacobs who conferred with Co-Managers Julian Black and John Roxborough at the Morrison hotel.

Girl Wins Over 22 White Contestants

HUTCHINSON, Kan.—(By C. E. Chapman for ANP)—Miss Ardella Kelly, brilliant 17-year-old daughter of Mr. and Mrs. Bud C. Kelly, and a member of the 1939 graduating class of the Hutchinson high school walked off with second place here Tuesday, night in an oratorical contest in which there were 23 participants, all of whom were white except herself. The contest was sponsored by the local Fire Insurance Underwriters.

Trammell Doesn't Think Much of Toles

YOUNGSTOWN —(By Simeon S. Booker Jr., for ANP)—Roscoe Toles, the new brown heavyweight sensation from Henry Ford's metropolis, is just another pug to rejuvenated Jack Trammell who applied the sleeper on the newly hailed Toles in the first round of a supposedly ten round bout only eight months ago.

Evenly Matched Teams Fight Hard For Tallies

**EVENLY MATCHED TEAMS
FIGHT FOR 48 MINUTES ON
EVEN TERMS; BREAKS GIVE
DUNBAR EDGE OVER
INDIANS**

DAYTON Ohio, October 23, 1938. (Special To Evansville Argus).—Before a capacity crowd including the entire student body of the local high school, the Dunbar warriors capitalized on the breaks of the game and emerged on the big end of a 19-6 score last night on the local's gridiron.

The visitors kept the ball in local territory the greater portion of the first quarter and completely outplayed the Dunbar warriors. The ball carrying of Bronson, shifty Lincoln quarterback was the highlight of the first period of the game. He continually clipped off yards after yards together with Woolridge, fast fullback of Lincoln, but the lads were unable to cross the locals' goal.

**DUNBAR CONVERTS
BREAK INTO SCORE**

Early in the second quarter, Dunbar's quarterback, Stone, dropped back some five yards on Lincoln's 35 yard line on the

fourth down and heaved a long pass deep in the enemy's territory, it was knocked down by Bronson, quarterback for Lincoln, into the hands of one of Dunbar's players who tripped five yards to a touchdown. The half ended 7-0.

PUNTING DUEL BETWEEN TEAMS FEATURE OF THIRD QUARTER

The feature of the first part of the third quarter was a punting duel between the two teams with the visitors getting the edge. With the ball on Lincoln's 35 yard line, a long pass by the local lads was called good because of claimed interference. After a series of rushes the ball was carried over the goal for the second tally of the game. The attempt to convert the extra point by drop kick failed by several inches.

VISITORS OFFENSE STARTS STARTS TO CLICK

After this score Dayton kicked to the visitors and after a series of long runs and passes, the longest one being from Barrett to Culver, put the ball on Dayton's 15 yard line. On the next play, Barrett heaved a beautiful spiral to Winsatt for the visitor's lone tally. The attempt for extra point was no good.

Connelly, flashy back of the local team received a punt on the visitor's 40 yard line and ran through the entire team for the final tally. The try for extra point was no good. The final score: Dayton 19; Evansville 6.

Langston May Upset Steers

By R. A. JACKSON
(Seely N.N.A.A.A.)

The thundering Texas herd will invade the new Stadium of Zip Gayle's treacherous Langston Lions at Oklahoma City this Saturday. Coach Rettig's team already filled with championship fervor is promised no tea-party by its host who spilled the apple-cart for Coach Mumford's Southern U. charges and last week whipped a great Bishop team. Langston is one of the many ranking teams that has only the blemish of a tie or its record and is conscious of the fact that stopping Big Myles Anderson and his teammates will pull them right back into the race.

Another game of importance this week between two teams with ties, the only blotch on their escutcheon will pit the Virginians against each other. Union and Va. State. Union tied Morgan while Va. State tied Bluefield.

LeMoyné, the Mad Magicians of Jack Adkins get an off week, but the other two of the undefeated untied quintet in the national shamble are promised no easy time. Florida A. & M. rattlers travel to Atlanta to meet the Morris Brown Purple Wolverines who have only a 0-0 tie by Tuskegee against them while West Virginia's Yellow Jackets invade the Big Bluefield Blues.

Lane Dragons Beat Knoxville in Thriller

JACKSON, Tenn.—(SNS)—Ox Clemmons turned his red garbed Lane Dragons aloose tonight before 3,000 fans and when the smoke was down, Knoxville college was under the heap, 21 to 7.

The Dragons had everything except punting. They tackled viciously, they ran, they passed and steam-rolled to 19 first downs while the Hawkins machine turned in but 2. It was a most one-sided battle in every quarter but the third when the Bulldogs pushed over the marker. Poats, C.; Berry, T.; and "Bull" Clay, St. Louis boys, stood out in the victory.

diggings. The Blues have also been charged with only a tie by Va. State and 6-0 defeat by Morgan. Tenn. A. & I. who beat J. C. Smith 9-0 last week will get their real test when they engage mighty Wilberforce who has lost only to Kentucky.

One of the outstanding little teams of the year is Lane College who beat Fisk 22-0 and Knoxville 13-0 by the same score as LeMoyné. Only strong Morris Brown has beaten Ox Clemmons' Dragons of Jackson, Tennessee, by a scant 6-0 score.

Here on that date the Colored citizens will have an opportunity to cast their votes for the candidates for public offices—this is one opportunity that should not be overlooked by anyone. WHAT PRICE YOUR VOTE?
The next week brings to colored Evansville the greatest privilege of its citizenship—the use of the ballot to make Evansville a better place to live in. This privilege is a birthright handed down from the sweat of the brow of denied forefathers and demands the respect of each voter to the extent that the use of the same should not be abused or bought. Evansville is your city and you are responsible directly by the use of the ballot, of its progress, stagnation, or backwardness. This is not a matter of a slap on the back, a handshake, a hot dog, or a glass of beer—this is a matter that concerns you, your family, and your neighbor! This is a matter that weighs each and everyone of us as a useful citizen of our city, of our state, and of our nation.
Too long have we been content to listen to the story of our obligations to this party or that. Too long have we paraded the banner of a party because we felt morally bound to that party because we were Negroes! Too long have we been content to support candidates for office because they have favors to extend to us individually. What favors have these same candidates to offer Evansville for its colored citizens? Each office the candidates are seeking election has something to offer colored citizens for the progress of colored Evansville. What are you asking of those offices?
The greatest problem facing the Negroes of our city is the problem of employment. Then it should be our solid front to support those candidates for election that have a platform that will not close the doors already open to us for employment, and have a platform that promises that more doors will be open. (It is a known fact that the doors of Unions in Evansville are closed in most instances to colored labor and employees. Yet, there are candidates for office for the government of our city

MISSING PAGES FROM HISTORY

REMINISCENCES OF A CENTENARIAN
Winter is serious, reflective and conservative. Winter is experience which comes after spring, summer and fall have faded away. He who has gone into the forest and has sat under the majestic oak after the winds have played hide and seek with every leaf and the falling snow has silently tucked them to sleep, can live again with the Druids of ancient lore. The writer is reminded of a riddle he once heard: "What is it that goes on four feet in the morning, two feet in the afternoon, and three feet in the evening?" The answer is "Man," who crawls on "all fours" when a baby, walks on two feet in the prime of life, and with a cane when he grows old.
Cicero's oration on growing old, unfolded itself to me realistically on the morning of May 23, 1938, when I interviewed that grand old Mason, "Uncle" Henry Jones, as he liked to be called. There sat a man with velvet black skin and of princely mien, silently meditating. When he learned of my presence and of my desires, he said, in a beautiful baritone voice which was like the rippling of mighty waters: "I was born a slave in a log hut on a cotton plantation near Waterproof, Louisiana, which is not far from Vicksburg, Mississippi. My mother was a maid in our owner's home, and her mistress put the names and ages of her slave's children in the family Bible. My birthday as recorded was Nov. 18, 1828. I will be one hundred years old this year. The Lord has blessed me. I have no recollection of ever being sick, consequently I have no remedy for long life. All of my family were long lived."
"I was raised like a little pig. I drank milk, ate hominy, mush and sugar cane. I wore a tow shirt — little slave boys didn't need any wardrobe trunk; they traveled light."
Mr. Jones sat in reverie for a few minutes, then continued: "Brother Wheeler, I learned as a little boy, that all animals love liberty. I have trapped coons, birds and nearly everything that runs wild, and have watched them struggle to regain their freedom. I ran away from the plantation the first time when I was twelve years old. I lived off roots, weeds, berries and acorns. I have been chased through the swamps of Louisiana by bloodhounds. The only music I ever heard in those days was the moan of a bloodhound after a black man or woman."
"I was taught how to weigh cotton and thereby learned something of the cotton business. I picked up letters of the alphabet through observation, and discovered that reading held the key that opened many mysteries. I have never had any minute's schooling in my life, but I have been able to read some of the best literature. Wherever there is a will, there is a way."
"In 1862 when the siege of Vicksburg began, I was fortunate in getting to be an army cook for General Ulysses S. Grant, for I had again run away from slavery."
"On July 3, 1863, General Grant received word from General Pemberton purposing an armistice to save the useless waste of the lives of women and children, and at 10 o'clock on Saturday morning, July 4, 1863, the rebel troops marched out and stacked their arms in front of their conquerors."

Derbyville — On-The-Av-o-nue
Attended the Coronation Ball last week and had so much fun that I am now unable to get around very much, consequently I have but a very little jive. Do hope that you find this little bit interesting.
"Pappy"—I'm surprised at you! Why do you pick on poor little Sonny? He doesn't scoop up this jive on you—I'm the person. You know me, don't you? I am going to lay off you for a while, tho' Aint ya glad?
Don't see Letch and Pow. around so very often now since the drinks are not pouring so freely. Letch said the other day, "these slim drinks remind me of the prohibition days".
Boy-oh! Boy, these politicians are really tops around here. Me-thinks there is about one on every corner.
Do you wonder why he frequents the Red Cross classes at the Y so regularly and so promptly? He is interested in the classes is true enough, but he is more interested in the young Miss on Walnut Street. Yep, she attends the classes too. She gets a ride home every nite, too.
Have you tried Sonny's new Coffee Cocktail? It's tops—just mix some port wine, apricot brandy, powdered sugar, one egg, crused ice and you have the real McCoy. I guess the art is in mixing the drink.
The Nickle-ola man seems to be having some trouble with his young lady friend. She still rides with him occasionally, but all's not well.
The Charioteers really "sent me" the other day at the Royal. They appeared in a short along with the feature picture, "Mr. Moto's Chance." The Royal is getting so they have some real interesting flickers on the bill and the admission is only a dime before 6 p.m.
BOUQUET OF THE WEEK
To "doc" -he's the most popular and interesting person in the city—brings two very lovely young ladies to the Coronation Ball—one on each arm. Who is the main stem? Why ask me? I am as much in the dark as you. Oh! Baby, maybe some day.
The Queen of the Coronation Ball and her entire party, composed of some of the elites of the city were the center of attraction at the ball. They were very appropriately diked in the latest fashion.

LARCENY
Larceny is the felonious taking of the property of another without his consent and against his will with the intent to convert it to the use of the taker. Whether it is converted to the use of the taker or a third person is immaterial.
There are several types of larceny but the two most generally known are grand and petty. The difference is due to the value of the property taken without any color of right.
Compound larceny is that type where something happens which aggravates the crime.
The recent unexplained possession of stolen property warrants an inference that the possessor is a thief though it does not raise a presumption of guilt as a matter of law. The person possessing it has the right to explain the matter to the jury and it can either believe or reject this explanation.
Where an effort is made to take property of another and the thief learns that there is no property he will be guilty of attempted larceny as where a pickpocket puts his hand in the pocket of another and finds it empty.

J. Rosenwald Fund Offers Fellowships

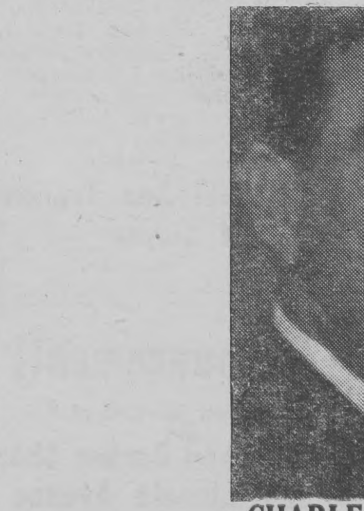

CHICAGO.—(ANP)—The Committee on Fellowships for the Julius Rosenwald fund is again offering fellowships to worthy individuals for further study in their respective fields. The fellowships are not restricted to any special subject or activity. While many of the candidates will probably contemplate advanced university work, the fellowships are open not only to scholars and scientists but to persons who may plan to go into the professions or the fine arts, or into agriculture, journalism or creative writing, education, business or public service. The awards average \$1500. Fellowships are open to men and women candidates between the ages of 22 and 35, but the committee considers very exceptional cases on their merits. Candidates must have completed their general college course or their general professional course before making application, or give evidence of maturity and preparation which may be regarded as the equivalent of a general education of at least collegiate standard.
Fellowships are offered to Negroes and to white Southerners who wish to work on some problem distinctive to the South and who expect to make their careers in the South.

HOUSTONITES SUE TO BREAK WHITE PRIMARY

HOUSTON, Tex.,—(By Albert White for ANP)—A suit, filed to gain the right to vote in the city election on Nov. 8, challenged the exclusion of colored people from the Democratic primary. The suit alleged the primary is a part of the election machinery of the city, that public buildings and property are used to hold the primary, and that it is regulated by the city charter.
The suit declared that the method and practices of the Democratic primary is designed wholly and solely to deprive colored people of the ballot. The constitution, which guarantees colored people the right to vote, is violated and the suit was filed in the interest of a federal injunction to force the city to hold the election according to law and to restrain interference of participation by colored people, the petition said.
